

Guidelines for preparing the manuscript and the reprinted for Annual Report on Collaborative Research Project 2019, Institute of Fluid Science, Tohoku University

1) About template

Manuscripts should be prepared using a manuscript template. Note that the submitted manuscripts will be printed directly. Please submit the manuscript after deleting the red colored texts in the template.

Manuscripts should be A4 in size, top, bottom, left and right margins are 30 mm, and texts are 10.5 point, Century, Gothic in title and item, single space and one column.

A manuscript should be 2 pages* and preferably include figures and tables in texts. Please note that manuscripts will be printed by black and white for publications.

*In the Priority Collaborative Research Project and the International Multiple Collaborative Research Project, a manuscript should be number of non-IFS responsible institutions × 2 pages.

2) File names

File names should include the project code. ex.) J19I001-text.doc, J19I001-text.pdf, reprinted article: J19I001-ref.pdf.

3) Note

Research results are only accepted to already be published during one year from April 2019 to March 2020. Papers published on line or included in CD-ROM are accepted.

If the status of the paper is "submitted", "accepted" or "in press", the papers should be listed in the next year's report. However, the rule shall not apply to the report as of the final year of the project.
