

Alumni Session at ICFD2009

1. Introduction

With Professor Maruyama as a chairman of the session, the session is divided into two parts: the morning group (session1-1: presentation numbers 14-1~14-15), and the afternoon group (session2-1: presentation numbers 14-16~14-24).

Each group starts with an oral presentation followed by a poster presentation in chronological order of their association with the Institute of Fluid Science, Tohoku University.

Each presenter has 6 minutes for the oral presentation (Session1-1, Session2-1), in which to give a brief outline of his/her institution and the research theme that his/her laboratory is currently working on. Presenters will then divide into two groups (odd and even presentation numbers), in order to give their poster presentations (Session1-2, Session2-2). After all the presentations have finished, the presenters will then have time to exchange information, discuss the issues and future potential of collaborative research, at the Alumni Reunion Session.

Date: 9:00~16:00, Friday, 6th November, 2009

Venue: Hotel Metropolitan Sendai 'AKEBONO(West)'
