*Congratulations on winners.* We would like to thank you all for joining the conference and voting for the outstanding awards. At first, the participant award and the organizer award were planned. To be fair between participants, we decided to combine both awards.

We hope this experience of participating in the Fifth International Students/Young Birds Seminar on Multi-scale Flow Dynamics of ICFD2009 will be the start of a friendship and boosts your confidence in international communication skills. **We look forward to seeing you again.**
