

## **The 5th Tohoku University – Seoul National University Joint Workshop on Next Generation Aero Vehicle**

The 5th Tohoku University – Seoul National University Joint Workshop on Next Generation Aero Vehicle was held on June 17~18, 2010 at Tohoku University in Sendai, Japan. This workshop was organized by Tohoku University Global COE Program and Seoul National University BK21 Program together. The academic exchange between Institute of Fluid Science, Tohoku University and School of Mechanical and Aerospace Engineering, Seoul National University has been going on through this workshop from 2006. Attending this workshop, total of 34 people from Japan, Korea, and Kosovo presented 22 technical papers and discussed lively about their researches including supersonic biplane, solar-powered unmanned aerial vehicles, combustion phenomena, and various schemes of computational fluid engineering.
