

**The 22nd International Students / Young Birds Seminar on Multi-scale
Flow Dynamics in ICFD2026
General Information**

Information

We are pleased to announce that “*The 22nd International Students / Young Birds Seminar on Multi-scale Flow Dynamics*” session will be held in a face-to-face format at ICFD2026. This session is intended for students and young researchers aged 35 or younger.

Participants will give both a short oral presentation and a poster presentations. Detailed information is provided below.

1. Session Style

- Participants are required to give both a face-to-face short oral presentation and a poster presentation.

2. Short Oral Presentation

- Presenters are required to give a summary of their poster presentation.

3. Poster Presentation

- Presenters are required to prepare and print their posters in advance and display them at the conference venue.

Best Presentation Award for Students Session

Under a strict review process, participants who deliver outstanding presentations will receive the Best Presentation Award for Students Session.

All presenters are eligible for this award; however, submissions received after the paper deadline may not be considered.

Others

- Presenters in the student session must submit a paper of 2-4 A4 pages.
- Submitted papers must include results and discussion.
