

## Guidelines for preparing the manuscript for Annual Report on Collaborative Research Project 2023, Institute of Fluid Science, Tohoku University

### 1) About template

Manuscripts should be prepared using a manuscript template. Note that the submitted manuscripts will be printed directly. Please submit the manuscript after deleting the red colored texts in the template.

Manuscripts should be A4 in size, top, bottom, left and right margins are 30 mm, and texts are 10.5 point, Century, Gothic in title and item, single space and one column. A manuscript should be at least 2 pages\* and preferably include figures and tables in texts.

\*In the Priority Collaborative Research Project and the International Multiple Collaborative Research Project, a manuscript should be at least number of non-IFS responsible institutions × 2 pages

### 2) File names

File names should include the project code.  
ex.) J23I099-text.doc, J23I099-text.pdf.

### 3) Note

Research results are only accepted to already be published during one year from April 2023 to March 2024. Papers published online or included in CD-ROM are accepted.

If the status of the paper is "submitted", "accepted" or "in press", the papers should be listed in the next year's report. However, the rule shall not apply to the report as of the final year of the project.

In the list of publications, please be sure to include the DOI if the publication has been assigned a DOI in order to access to the publications easily.
