

International Space University Debriefing!

Program

Danish Ai (Aerospace Engineering M1)

「What I learned at ISU」

Prof. Atsuki Komiya

「30 years history of IFS organized ISU-SSP student dispatches」

The SSP is a 9-week program held every summer, in which students from all over the world learn about the universe from top instructors.

Participants of the Space Studies Program 2022 (SSP22) by International Space University in Portugal will share their experiences! There will be an explanation of the IFS's SSP dispatch program.

自由参加！途中退室可！

date: 2023/02/14 (Tue) 16~18

place: GCOE building 3F Seminar room

Organize : IFS

Contact : Danish Ai mail: ai.danishi.p6@dc.tohoku.ac.jp
